

DEWALT DWP849X-B5 7 INCH/9 INCH VARIABLE SPEED POLISHER 220V

MODEL# DWP849X-B5

FEATURES:

- Rubber over molded gear case allows the user to grip the gear case for greater comfort
- Variable speed trigger allows the user to control the speed of the unit by adjusting the force applied to the switch
- Large variable speed dial allows the user to easily change their speed to suit specific applications
- Replaceable wool ingestion shields prevent wool from being sucked into the unit and blocking the tool
- No volt release switch will prevent the unit from starting when plugged in; even if the switch is in the on position. Switch must be consciously reset before power is delivered
- Rubber over mould back handle gives the user greater comfort during use
- Large spindle lock button allows easy changing of the backing pad
- Pop off brushes protect the armature from damage at the end of brush life resulting in greater motor life
